

ECIO - MOC 2014

17th EUROPEAN CONFERENCE ON INTEGRATED OPTICS AND TECHNICAL EXHIBITION
19th MICROOPTICS CONFERENCE

JUNE 24 - 27, NICE, FRANCE

Organized by CNRS – Université Nice Sophia Antipolis
Sponsored by European Optical Society (EOS)

Co-sponsored by Japan Society of Applied Physics (JSAP)

Scope

Photonic ICs
Passive devices
Dynamic & functional devices
Nonlinear devices
Active devices
Polymer photonics including OLEDs
Silicon photonics
Nanophotonics, photonic crystal materials & devices, metamaterials
Membrane photonics & optomechanical devices
Plasmonic waveguides & devices
Materials and fabrication technologies for guided waves devices & quantum optical or opto-electronic structures
Modelling, theory & simulation of active & passive guided wave devices & quantum optical or opto-electronic structures
Characterization & testing of guided waves devices & circuits
Packaging & hybrid integration
Applications
Production technologies, foundry concepts & industrial exploitation
